**RE: REQUEST FOR EXTENSION FOR SUBMITTAL OF ASSESSMENT OF CORRECTIVE MEASURES FOR THE MSW LANDFILL
CLOSED HENDERSON COUNTY LANDFILL, PERMIT NO. 45-01
HENDERSON COUNTY, NORTH CAROLINA**

Dear Jackie:

On behalf of Henderson County, Golder Associates NC, Inc. (Golder) is requesting an extension for the submittal of an Assessment of Corrective Measures (ACM) for the closed municipal solid waste (MSW) landfill at the above referenced facility. In a letter from the North Carolina Department of Environment and Natural Resources (NCDENR) dated October 18, 2012, the Nature and Extent Study (NES), which was submitted to NCDENR on July 23, 2012, was approved. As stated in the letter and pursuant to 15A NCAC 13B .1635, the ACM is to be prepared and submitted to NCDENR within 90 days of approval of the NES.

The County would like to request an extension to allow the ACM to be submitted within 180 days of the October 18, 2012, letter, in order to provide ample time to notify all persons who own or reside on the land that directly overlies or potentially overlies part of the contaminant plume in accordance with 15A NCAC 13B .1634(g)(1)(C). The additional time would also be used to further evaluate offsite groundwater flow conditions and obtain more information about potential receptor locations.

Henderson County and Golder appreciates your consideration of this request and your assistance with this project. If you have any questions or concerns, please contact the undersigned at 336-852-4903.

Sincerely,
GOLDER ASSOCIATES NC, INC.
